# AOTV Annual Report Fiscal Year 2015

Athol \* Orange Community Television 163 South Main St. Athol, MA 01331

### **Message from our Executive Director**

Fun, fellowship and food. I guess that's the philosophy behind the success of AOTV. From day one, I never thought a volunteer would stick around if they weren't having fun. So I always strived to make sure they were having fun while learning something new.

I admit that there are times that don't seem like much fun. Like when it's cold and rainy outside for River Rat Race or football games, or like when it's after 10PM on Sunday night of Auction, you just volunteered two 12-hour days and you have to get up to go to work on Monday. So what brings people to make that kind of commitment? I believe it's the fellowship. Volunteers have a level of commitment that definitely goes beyond a paycheck. Maybe misery loves company. Who knows, but it sure leads to some good stories during a post mortem meeting.

Yes there is food. My motto has been, "if you feed them, they will come." But that's really not what happens. The volunteers would come anyway. The food is just a token, to let them know that we care. We think of you. We appreciate you.

In 2015, AOTV celebrated its 20<sup>th</sup> anniversary on the air on March 23. The longest running volunteer produced show, Athol-Orange Baptist Church, has decided to come to an end. Nancy Hume has produced 542 episodes since January of 2001. A fifteen year run is definitely a commitment. Congratulations and thank you Nancy.

On August 19, 2015 we started broadcasting the new low-power radio station WVAO-lp 105.9 FM, the Voice of Athol-Orange. As usual, it takes a lot of volunteers to create a new project, but it also takes vision to begin it. Marie MacDonald planted the seeds of a radio project in 2006. We applied for a full power license in 2007, but we did not get it due to too much competition. An opportunity opened for a low power station and we were ready with the application process and it was approved by the FCC in February 2014. Under Marie's leadership we built and began broadcasting in 18 months.

Marie has announced that she is retiring from AOTV and WVAO to pursue new endeavors. Marie, thank you for helping with the radio, auction, website, and so much more. We wish her well.

As people leave, new people arrive which keeps AOTV strong. I guess in the final analysis the reason AOTV is so successful is the people, the fabulous people in the North Quabbin who believe in AOTV and work hard to keep it a success.
